

CECELIA MOODY KNEW KIDS WERE THIRSTY FOR FACTS.

Cecelia Moody, Food Service Manager for Madison Park Middle School in Phoenix, AZ, used facts, fun and flavor to get kids to drink more milk. She hosted the school's first annual health fair, featuring facts about milk and delicious flavored milk samplings. Plus she held monthly "think about your drink" classes teaching students to compare beverage options. And it worked, increasing milk consumption by 13%. Cecelia is our Spotlight On winner for 2008. You could be next, with a Milk Mustache ad of your own. To read more and to tell us your story, visit milkdelivers.org.
